Key Insight

Top 10 customers contributed 52% of FY2021 revenue, indicating moderate customer concentration. Amazon alone contributed approximately 14% of total revenue, making it the largest strategic customer.

Business Impact

Since 52% of revenue comes from only 10 customers, losing one major account could materially impact annual revenue and negotiating power.

Recommendations

1. Diversify revenue by acquiring more mid-sized customers.
- 2.Strengthen retention programs for strategic accounts.
- 3.Track customer concentration quarterly.
- 4.Reduce dependency on the top three customers.
